CITY NEWS

\$3 Million Funding Allocation for New General Plan

The California State Budget was recently passed with a \$3 million allocation of funds to the City of San Bernardino for a comprehensive update to the City's General Plan thanks to the advocacy of Assemblymember James C. Ramos.

What is a general plan? A general plan is the local government's long-term blueprint for the community's vision of future growth. The general plan consists of the city's goals, policies, and implementation actions regarding future development. This \$3 million fund will afford the city the critical updates needed in the existing general plan and establish policies that will support the financial health and stability of our community. The press announcement can be viewed here: <https://youtu.be/e7WEaZTQqfY>

Redlands Railway Groundbreaking

Did you know there is a railway being constructed between Redlands and San Bernardino? The Redlands Passenger Rail Project is an advanced regional transportation project designed to connect residents, businesses and visitors to a variety of leisure, education, healthcare and other destinations. The nine-mile passenger rail service will run between the San Bernardino Transit Center located at Rialto Avenue and E Street in Downtown San Bernardino adjacent to San Manuel Stadium and will terminate at the University of Redlands. Mainline construction is going on now, and the project is expected to start operations in early 2022. Watch the ABC7 news story about the project: <https://bit.ly/2TNvllF>

CITY NEWS

New Home for Home Chef!

Home Chef, one of the country's leading meal kit delivery companies, originally started in a 70,000 square foot facility in San Bernardino three years ago. As the company expanded and succeeded, they quickly outgrew the original facility. Home Chef celebrated with a ribbon cutting ceremony in front of their new 200,000 square foot facility, which employs 300 people – most of whom are local San Bernardino Residents.

The choice of San Bernardino was easy for the company due to the close proximity to some of the best produce markets in the world, and a local labor force. This expansion and ribbon cutting ceremony was an exciting reminder of the amazing progress and development happening in the city of San Bernardino.

You can read the full article about the expansion in the San Bernardino Sun: <https://bit.ly/2Zf9LwK>

Western Regionals

Hopefully you didn't miss out on this year's Little League Western Regional Playoff games! This year marks the 49th year hosting the baseball games and 9th year hosting the softball games here in San Bernardino. Four teams from the West region and four teams from the Northwest region competed and the winners of each of the two regions advanced to the Little League World Series tournament in Williamsport, PA on Aug. 15. Although our western region team didn't win the world series, they made the region proud with their sportsmanship and dedication to their team.

At-risk Youth Camp with San Bernardino Police

Over the summer, the San Bernardino Police Department's Police Activities League (PAL) took two four-day camping trips into the San Bernardino Mountains to Silverwood Lake to mentor and spend time with at-risk youth. The PAL program aims to unite law enforcement and communities by providing youth programs that help the kids develop discipline, positive self-image, mutual trust and respect.

Camp attendees were identified through the San Bernardino City Unified School District's Restorative Youth Court program as students who may have made poor choices in their past, but have the attitude and drive to change their lives for the better. The four-day camp gave the kids a chance to bond with officers during team building exercises, camp cleanup and meal prep, water sports, tough hikes and campfire stories. Officers will continue to followup with the kids throughout the school year to make sure they stay on the right path.

High-achieving Students Participate in Leadership Program at SBPD

The San Bernardino Police Department hosted its 3rd annual LEAD (leadership, education and development) program for incoming seniors throughout the school district over the summer. To be considered for the program, students had to complete an application that included a resume, transcript, essay and letter of recommendation from a teacher. The LEAD program is focused on encouraging the good behavior and habits that these students have already demonstrated by excelling in school, and teaches them how to apply that knowledge and effort into the real world. The week-long academy included sessions on resume building, public speaking, financial literacy, health and wellness and a visit to the Nixon Presidential museum. The positive interaction with law enforcement and tools and skills taught throughout the week will help these students to become leaders and positive influences in the community.
